ABOUT US

Why Leading Brands Choose Aaloka

PREMIUM ALL-METAL CONSTRUCTION

Commercial-grade steel frames engineered for structural integrity and a decade of high-footfall performance. No plastic. No compromise.

300+ NITS · VIVID IN ANY ENVIRONMENT

High-brightness LED panels deliver crisp, colour-accurate images in brightly lit showrooms, malls, and lobbies where inferior displays wash out.

FULLY BESPOKE (SIZE, FINISH & OEM)

Custom frame finishes, dimensions, branding artwork integration, and full OEM / white-label options. Every unit calibrated to your identity.

PAN-INDIA EXECUTION AT SCALE

From single flagship installs to hundreds of franchise rollouts, the same uncompromising quality, delivered consistently across every location.

ARCHITECT & DESIGNER SPECIFIED

Technical drawings, finish samples, and dimensional data provided for seamless integration into retail and architectural project specifications.

RAPID LEAD TIMES · 1-YEAR WARRANTY

Standard orders in 3–5 working days; custom/bulk in 7–15 days. All LED components and electrical parts covered by a full 1-year warranty.

WHO WE ARE

About Aaloka Solutions

Aaloka Solutions is a premium manufacturer and supplier of high-quality LED standees and commercial display solutions — engineered specifically for modern retail, corporate, and architectural environments.

Founded on the conviction that great brands deserve displays built to the same standard of excellence, we combine precision metalwork, advanced LED technology, and deep commercial branding expertise to deliver solutions that do not merely inform — they command attention.

Our manufacturing unit in Kundli, Haryana is purpose-built for consistent quality at scale — from a single flagship installation to hundreds of simultaneous pan-India franchise deployments.

DISPLAY TYPE 01

A-Standee LED Displays

The A-Standee's iconic A-frame structure is a self-supporting floor display that leans at an angle — maximising screen visibility across wide open spaces. Its elegant geometry and premium metal finish make it the preferred choice for luxury retail and high-traffic brand environments.

Luxury Showrooms

Fashion Retail

Hotel Lobbies

Mall Entrances

Real Estate Offices

Auto Dealerships

Jewellery Showrooms

Exhibition Stalls

Bank Branches

Corporate Atriums

Franchise Outlets

Event Venues

Wedding & Social Events

Lifestyle Brands

BEST SUITED FOR

High-traffic open-plan spaces where 360° approach visibility, strong brand presence, and an elegant physical footprint are all equally critical.

DISPLAY TYPE 02

T-Standee Display

The T-Standee is inspired by the minimalist elegance of a floor lamp — a single slender pole rising from a weighted T-base, topped by a vibrant screen. Its minimal floor footprint makes it ideal for narrow corridors, aisles, and spaces where a conventional standee cannot fit.

32"

IDEAL USE CASE

Retail Store Aisles

Restaurant Entrances

Café & Food Courts

Beauty Salons & Spas

Gym & Fitness Centres

Pharmacy & Clinics

Hotel Corridors

Airport Lounges

Shopping Mall Aisles

Corporate Hallways

Museums & Galleries

Telecom Stores

Wedding Venues

Event Spaces

BEST SUITED FOR

Narrow corridors, aisles, and constrained spaces where a minimal floor footprint is critical but strong vertical visual presence must be maintained.

DISPLAY TYPE 03

I-Type Signage

The I-Type is a fully enclosed totem-style floor display — a self-contained digital signage unit housed in a seamless premium cabinet. All hardware is concealed, yielding a clean, authoritative profile. Available with or without armoured glass, rated for 24/7 continuous commercial operation.

Convention Centres

BEST SUITED FOR

Environments demanding a premium, professional-grade display that withstands 24/7 public interaction. The enclosed design conceals all hardware for a clean corporate aesthetic.

DISPLAY TYPE 04

Table Top Z-Type Display

The compact 24" Table Top Display brings professional digital communication to desks, counters, and reception areas. Its Z-bracket allows angle adjustment for optimal customer viewing — replacing static printed notices with dynamic, remotely updatable content.

KEY FEATURES

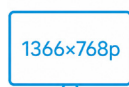

24" Full HD

Z-Type Stand

Bank & NBFC Branches

Metro / Train Stations

DISPLAY TYPE 06

Commercial Grade Displays

Commercial Grade Displays are heavy-duty professional panels engineered specifically for continuous, uninterrupted operation. Unlike consumer televisions, these units are designed with commercial-grade components, superior heat dissipation, and consistent colour reproduction — essential wherever performance cannot be compromised.

Government Offices

WHY COMMERCIAL GRADE?

Consumer TVs are engineered for 4-6 hrs/day use. Commercial panels are built for continuous 24/7 operation, superior thermal management, and consistent colour reproduction under sustained load.
